Personal Safety

Head-to-toe personal protective equipment (PPE) to help keep workers safe. In stock and ready to ship!

PRODUCTS	TIPS
<p>Eye Protection</p> <ul style="list-style-type: none"> - Glasses - Goggles - Accessories - Cleaning Products - Lenses 	<p>Consider the application and environment — dust, flying particles, lighting and even RXs — when choosing eye protection.</p>
<p>Head & Face Protection</p> <ul style="list-style-type: none"> - Face Shields - Hard Hats - Welding Helmets 	<p>Log hard hat distribution, inspect regularly for wear and follow the manufacturer’s replacement schedule for thoughtful protection.</p>
<p>Hearing Protection</p> <ul style="list-style-type: none"> - Ear Plugs - Ear Muffs 	<p>Determine the amount of noise reduction needed, and take advantage of comfort and convenience features, styles, material, colors and sizes, and make individualized choices.</p>
<p>Respiratory Protection</p> <ul style="list-style-type: none"> - Disposable Masks - Particulate Respirators 	<p>Know your hazard type (particulates or gas/vapor), define the protection level needed, then choose the right respirator for the job.</p>
<p>Protective Clothing</p> <ul style="list-style-type: none"> - Disposable Coveralls - Vests - Jackets - Body Belts - Back Support Belts - Wrist Wraps - Safety Gloves - Hi-Viz Hats 	<p>Protect teammates from the neck down with thoughtful understanding of workplace hazards and physical conditions, safety regulations and proper fit. A compliance program can help increase injury-free days, too.</p>
<p>First Aid</p> <ul style="list-style-type: none"> - First Aid Kits - Eyewash - Biohazard Protection - Heat Stress Prevention 	<p>Place and highlight kits/locations throughout your facilities. A kit that meets OSHA 29 CFR 1910.151 and ANSI/ISEA Z308.1-2015 standards provides a range of items to treat most minor workplace injuries.</p>

Fasteners

Focused range of readily available finishes, head styles, grades, thread pitches, lengths and diameters.

Parts you need, when you need them.

PRODUCTS	TIPS
<p>Bolts</p> <ul style="list-style-type: none"> - Hex Head Bolts - Carriage Bolts - Flange Bolts - Elevator Bolts - Step Bolts - Structural Bolts - Plow Bolts - Hanger Bolts - Machine Bolts 	<p>Fasteners are as crucial to facility maintenance and repair as they are to product manufacturing. Delivery speed, consistency and availability are key considerations to help determine whether to use lower-cost standard parts to keep things running.</p>
<p>Screws</p> <ul style="list-style-type: none"> - Cap Screws - Lag Screws - Machine Screws - Self-Tapping Screws - Socket Cap Screws - Wing Screws 	<p>One of the most important factors in screw selection is length and diameter (or gauge). Consider thickness and weight of the material being used to make the right choice.</p>
<p>Nuts</p> <ul style="list-style-type: none"> - Flange Nuts - Hex Nuts - Jam Nuts - Lock Nuts - Screw Nuts - Structural Nuts 	<p>Stainless steel offers good corrosion resistance, making it suitable for outdoor use and marine applications. Determining if a fastener will be affected by corrosion ahead of time can be a factor in achieving cost efficiency in the long run.</p>
<p>Washers</p> <ul style="list-style-type: none"> - Beveled Washers - Finishing Washers - Flat Washers - Shoulder Washers - Internal Tooth Lock Washers - Internal/External Combination Lock Washers - Fender Washers - Structural Washers - Split-Lock Washers 	<p>It is important to select the most optimal type of washer for your specific application. Failure to specify the correct washer can result in machine downtime and lost production.</p>

Industrial Supplies

Tools and equipment for building, grounds, equipment and machine maintenance. Fast shipping and best-in-class quality!

PRODUCTS	TIPS
<p>Building & Grounds Maintenance</p> <ul style="list-style-type: none"> - Shovels - Spill Control - Signs - Tape - Snow & Ice Removal - Flashlights & Batteries - Power Cords - Lighting 	<p>Prepare for planned beautification and unplanned repairs that enhance facility presence and prevent injuries.</p>
<p>Abrasives</p> <ul style="list-style-type: none"> - Coated Abrasives - Bonded Abrasives - Wire & Nylon Brushes - Buffing & Polishing Equipment 	<p>Be on the cutting edge with abrasives that save time and add performance to metal and wood surfaces. For repairing, refinishing or cleaning, bring the science of smooth to every phase of finishing.</p>
<p>Adhesives</p> <ul style="list-style-type: none"> - Threadlockers & Gasket Sealants - Industrial Adhesives & Glue - Caulks, Sealants & Fillers 	<p>Know the use and stick to your choice. Different chemistries, curing methods, open times and final bond abilities plus regulatory and safety requirements are a few considerations when making adhesive choices.</p>

Facility Safety

Facility cleaning and maintenance supplies that protect against slips, trips, falls and spills. Available online, 24/7.

PRODUCTS	TIPS
<p>Lockout + Tagout</p> <ul style="list-style-type: none"> - Padlocks - Lockout Kits - Valve Lockouts - Circuit Breaker Lockouts - Electrical Lockouts - Safety Tags 	<p>Keep your machinery and teammates safe with signs and devices that show safety is good business. Choose products that offer security and visibility day or night.</p>
<p>Janitorial Supplies</p> <ul style="list-style-type: none"> - Cleaning Chemicals - Hand Hygiene Products - Cleaning Tools & Supplies - Brooms - Dustpans & Handles 	<p>Assess your facility's needs and choose products that prioritize good hygiene. Have ample supplies of hand sanitizer, restroom soap and cleansers available for spills. Hand cream in the restrooms goes a long way in cold winter months.</p>

Optimas has the flexibility and speed to react to our fluctuations in demand. Optimas has done a really good job supporting us to improve our forecasting accuracy.
