

Optimas Vending Solutions

EASY AND SECURE ACCESS TO IN-DEMAND PRODUCTS FOR MAINTENANCE, REPAIR AND OPERATIONS (MRO) ACTIVITIES

Optimas Vending Solutions provide secure/automated distribution and replenishment for MRO/PPE and Standard Parts that prioritize safety and standardize production and facility upkeep.

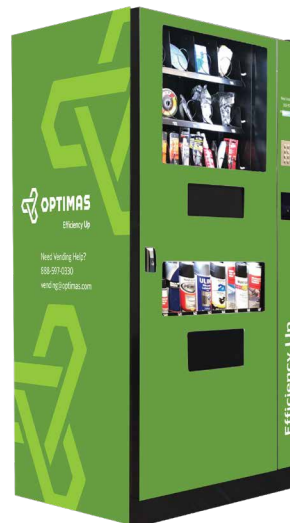

With multiple machine options, Optimas provides convenient, round-the-clock access to tools, equipment and consumables meant to aid production, efficiency and skills. Two machine types—OptiCoil™ and OptiLocker™—offer variable configurations based on product types, quantities required and package sizes.

OptiCoil uses rows of twisting spirals that securely house and distribute smaller products.

OptiLocker features rectangular cubbies that house larger tools and equipment.

OptiMix provides multiple configurations for distribution of larger products.

OptiCoil-Mini offers spiral rows in a tabletop model for smaller items.

OPTIMAS VENDING SOLUTIONS

MORE ACCOUNTABILITY FOR CONSUMABLES

Secure and organized, vending provides convenient availability of in-demand items used by production teams. Company-approved products facilitate process/technique standardization, improve teammate skills and elevate quality.

Internet-enabled, touch screen controls and 99.99% uptime offer a familiar user experience and reliability on every production shift. Wireless and standard ethernet cable connectivity, plus an ordinary 110 volt (110v) power source, enable easy/anywhere set up in single or multiple production facilities.

AUTOMATED PERFORMANCE

OptiCoil machines offer minimum/maximum settings that trigger automated replenishment through Optimas' inventory management system.

OptiLocker's check in/out and time/maintenance reminders ensure tools and equipment are controlled, remain safe to use and easily available for all teammates on any shift.

REAL-TIME REPORTING

A web-based dashboard delivers full access to tune all machine functionality and support time-saving convenience and best practices. Mobile and desktop reporting ensures real-time accountability and compliance for manufacturing and safety standards.

FOR MORE INFORMATION

For more information about Optimas Vending Solutions, contact our experts at info@optimas.com or call 1-833-OPTIMAS.

Product Consumption Report

Adjust product mix and inventory levels to encourage usage, gain actionable insight into potential safety issues and document safety practices for regulatory agencies.

Department Budget Report

Adjust resources during low, normal and peak production periods based on people and department usage data/patterns.

Vending System Report

Know consumable items are always in-stock and ready for distribution with Access, Replenishment, Failed Experience, and 30-Minute Health Check reports.

ABOUT OPTIMAS

Optimas is a leading, global, industrial manufacturer/distributor specializing in fasteners and supply chain solutions for organizations seeking to improve efficiency and profitability. We take care of the details so you can focus on producing cutting edge products—giving you an unparalleled competitive edge.
