

June 16, 2022

Dear Customer:

On behalf of Optimas Solutions, I would like to advise you of a delay in the re-issuance of our IATF 16949 certificate, due to an administrative issue originating at our registrar.

Rest assured, Optimas has completed the required audits at our headquarters, as well as associated distribution centers (support sites), and closed all issued findings within the required timeframe.

Please be aware that our [ISO 9001 certification](#) remains in force, and that we remain compliant to both ISO 9001 and IATF 16949 standards. We can assure you that the integrity of our quality management system remains intact and foresee no impact to the service provided to our customers and business partners.

We are diligently working with our registrar to address the issue and will post our new certificate here when we receive it. Should you have any questions regarding this matter, please feel free to contact me, via our [web form](#), at your earliest convenience.

Thank you for your continued business and trust.

Sincerely,

Gaby Gallegos  
Vice President, Quality  
Optimas Solutions
